Color in Winnie the Pooh!

Did you know...

- The time of the year that summer comes in is different for the northern and the southern hemispheres. In the northern hemisphere, summer is from June to September. In the southern hemisphere, summer is from December to March.
- The most number of thunderstorms in a year occur during summer. They occur due to a combination of summer showers and moisture, and rapidly rising air.
- An eleven-year-old child invented Popsicles in 1905. This accidental invention is now the best icy snack that people have during the summer.
